

Re: Reference & testimony for ReviveOHIO

Personal Testimony

Since Covid, God has put a burning ember in my spirit to see lost people come to know Jesus, but as a church family we have struggled to be mobilized in this effort. When Mark and his team came to town, we instantly fell in love with them, and drank in their training, stories of salvation, and the process of outreach. I saw my brothers & sisters and sister churches come alive with Gospel sharing, and my heart hasn't been the same since!

Pastoral Testimony

My philosophy of pastoral ministry has always found its roots in Ephesians 4:12. I've always seen myself more as a coach to the people I shepherd; helping them find their way in joining Christ on mission. Revive Ohio was the coaching partner that I /we had been praying for. A group of Spirit-filled, Jesus-loving evangelists that would teach/ coach us to do missions in our own community. As a church, we fell in love with Mark, his team, and the process, and we will never be the same again. Oh, and 18 people received Christ as their Savior in the one week of outreach. To God be the Glory!
